

**Britt Farms** is proudly owned and operated by Vernon & Jennifer Britt, of Mount Olive, NC. Our farm has been in Vernon's family since his great-great-great-great-grand-daddy began farming the nearly 100 acres deeded to our family in the mid-1600's. The Britt family had been tending our legacy of land, in tobacco, corn and soybeans, but hard times have come to farming, and if farmers want to keep their land, they have to change too. So, we are changing...

For our family, changing meant getting a job off the farm to pay the bills. At age 20, Vernon had to work off the farm, but his love of farming never left him. After he retired in 2005, our family decided to diversify our farm and grow premium

quality, local produce to offer directly to our customers. We have been selling our farm-fresh products at the Raleigh farmers market, and decided it was time to start our Community Supported Agriculture subscription program in 2008.
